

MC-MINI10G-RACK-1U

1U Rack for 12x Mini media converter

DESCRIPTION

The Fiberworks MC-MINI series is a collection of super compact media converters for bit rates from 10 Mb/s to 10 Gb/s. They are the perfect choice for applications where compactness, simple plug-and-play functionality, low power consumption and a reasonable price matter the most.

The MC-MINI10G-RACK-1U chassis provides a high-density solution for mounting up to 12 media converters in only 1 Rack Unit. It has dual power supplies for maximum uptime with DC and AC variants available.

FEATURES

- Suitable for standard 19 inch rack
- 1U, maximum 12 slots capacity
- Supports different types of media converters
- Supports hot-swappable operations
- DC 48V and AC 100-240V power supplies available
- LED indicators in front and rear for power supply and fan failure
